Invitation

With the advent of Spring, when the nature will revive and reinvigorate after the frosty winter, the dental fraternity will be looking forward eagerly to the magnum opus, the 74th Indian Dental Conference. The long awaited program, which was supposed to be held in December 2020 along with conclusion of Centenary Celebration of Dentistry in India, is finally going to be celebrated on 02-04th February, 2024 at Biswa Bangla Convention Centre, New Town, Kolkata, after overcoming the obstacles of Covid 19 pandemic.

The celebration actually heads back to 2017 when Indian Dental Association WB State Branch had initiated the Centenary Celebration of Indian Dentistry. Now that the conclusion of Centenary Celebration of Dentistry in India has already taken place, we're going to commemorate this glorious event in a majestic manner. There will be seminars by international keynote speakers, national scholars from different states, the renowned stalwarts of dentistry of our own state along with scientific papers by budding dentists, UG and PG papers by the zestful students and enchanting cultural program by the young souls. This fiesta will testify the alliance of new and old souls where they can exchange and adopt their scientific outlooks and enhance their vista of knowledge.

We wholeheartedly welcome you all to the City of Joy, the place, that initiated the glorious journey of modern dentistry in India more than a 100 years ago. Your joyous and enthusiastic participation will carve its etch in golden letters on the glorious pages of history, the legacy which was handed over to us by the great soul, Dr. Rafiuddin Ahmed, the Bard of Dentistry in India.

We expect your cordial presence eagerly.

Long Live Indian Dental Association.
